

RELENTLESS PERFORMANCE FOR ANY PURSUIT

BRUCE PETTET, CEO, LEUPOLD & STEVENS, INC.

Our optics are built to outlast and outperform all others. Whether you're in the woods, at the range, or defending our freedom, we will never let you down. Our dedicated team members put over a century's worth of knowledge behind every one of our designs to make sure you get the clearest and most rugged performance optic on the market. When you're miles from home, you need to be able to trust that your Leupold glass will provide you with the optical performance you need to get the job done. We are hunters, shooters, and veterans committed to making premium products that'll get you through any situation, no matter what brings you into the field.

So go ahead, Be Relentless.

THE CLEAR DIFFERENCE

LEUPOLD OPTICAL SYSTEMS EXPLAINED

Each optical system builds off the previous one to ensure every Leupold product has the brightest, clearest image in its class — no matter the conditions.

ADVANCED OPTICAL SYSTEM

The Advanced Optical System offers tried-and-true light transmission for extended glassing sessions, best-in-class glare reduction in harsh light, and the resolution and clarity that recreational sportsmen and sportswomen demand.

ELITE OPTICAL SYSTEM

The Elite Optical System offers excellent dawn-to-dusk light transmission for a bright image when it matters most, high-performance glare reduction in harsh light, and the resolution and clarity diehard hunters and shooters demand.

PROFESSIONAL-GRADE OPTICAL SYSTEM

The Professional-Grade Optical System offers unmatched light transmission that's designed to outperform in the most challenging lighting conditions, industry-leading glare reduction for a clear image in harsh, direct light, and the resolution and clarity that professional guides and shooters demand in the field.

CLOSE QUARTERS

SET THE PACE

Nothing spikes your adrenaline like clearing rooms in the line of duty or fighting the clock on match day. If you're no stranger to making split-second decisions, make sure your gear is built for speed.

COMPLETE YOUR KIT

ALL SPEED ZERO DRAG

When space is at a premium, a compact optic will get you on target without getting in your way.

DELTAPOINT PRO

Fast, accurate, and concealable, this durable, lightweight red dot can take abuse in the field and perform at the range.

DELTAPOINT MICRO

Keep a low profile with a red dot sight designed specifically for concealed carry and personal defense. Mounted at the same height as factory iron sights, the DeltaPoint Micro gives you faster target acquisition and improved accuracy.

PATROL 6HD

A 6:1 zoom ratio with an illuminated reticle makes this low-power variable optic a hero in tight spaces while still giving you the ability to lock on to mid-range targets.

MARK 3HD

Built for any shooter who needs a rugged, precise, and repeatable MIL-based scope for their rifle, the Mark 3HD™ delivers elite optical performance and match-grade repeatability under any conditions.

FREEDOM RDS

The Freedom® RDS (red dot sight) changes the game when it comes to consistency and durability in a red dot sight. It's everything you need in a red dot and nothing you don't.

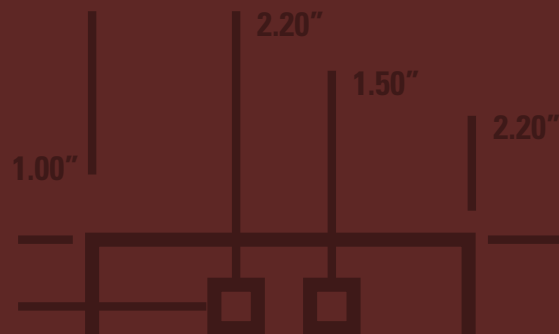

“Being able to shoot, move, communicate, and conduct close quarter battle — that was the priority.”

—KYLE LAMB, Sergeant Major (RET)

PATROL 6HD

LIGHTS-OUT PERFORMANCE

With the Patrol 6HD, you can hit the field without worry. Its ultra-lightweight, low-profile design and 1-6x magnification range let you engage threats anywhere from tight corners to open fields. Whether your mission is to protect and serve or you're looking for an edge in competition, this battle-ready scope will help you put more rounds on target.

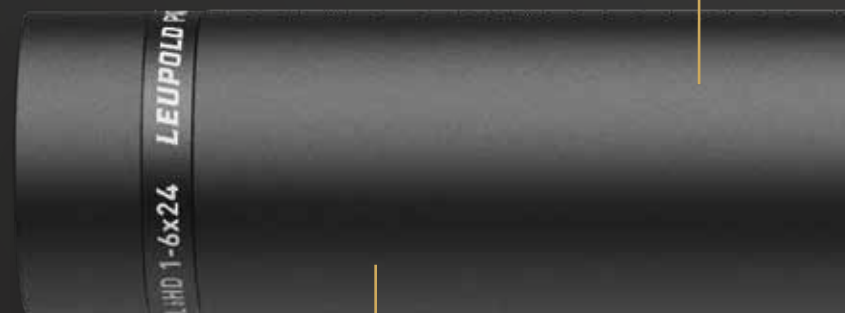

45.00 cm
17.72"

GUARD-ION LENS COATING

Guard-ion is a hydrophobic lens coating that sheds dirt and water for a maintenance-free, clear, crisp image.

HIGH-DEFINITION PERFORMANCE

Experience the difference with Leupold's High-Definition lenses, which provide unparalleled clarity, color, and image quality all the way to the edge of your field of view.

PROFESSIONAL-GRADE OPTICAL SYSTEM

Leupold's Professional-Grade Optical System offers unmatched light transmission that's designed to outperform in the most challenging lighting conditions, industry-leading glare reduction for a clear image in harsh, direct light, and the resolution and clarity that professional guides and shooters demand in the field.

WATERPROOF, FOGPROOF, & SHOCKPROOF

Leupold pioneered modern waterproof and fogproof technology using advanced internal gasses and sealing methods that withstand extreme temperatures, elevation changes, and shocks, so the internals of the optics stay moisture free and crystal clear for life.

CDS-ZL2 ELEVATION DIAL

The CDS-ZL2 (ZeroLock 2) provides two revolutions of elevation adjustment while eliminating accidental dial movement with the push-button ZeroLock® system. It also features Leupold's award-winning Custom Dial System® (CDS®), which allows shooters to order a laser-marked bullet-drop dial to match their exact ballistics and conditions.

6:1 ZOOM RATIO

A versatile 6:1 zoom ratio lets you dial down to a true 1x for close engagements or all the way up to 6x for mid-range shots.

REMOVABLE THROW LEVER

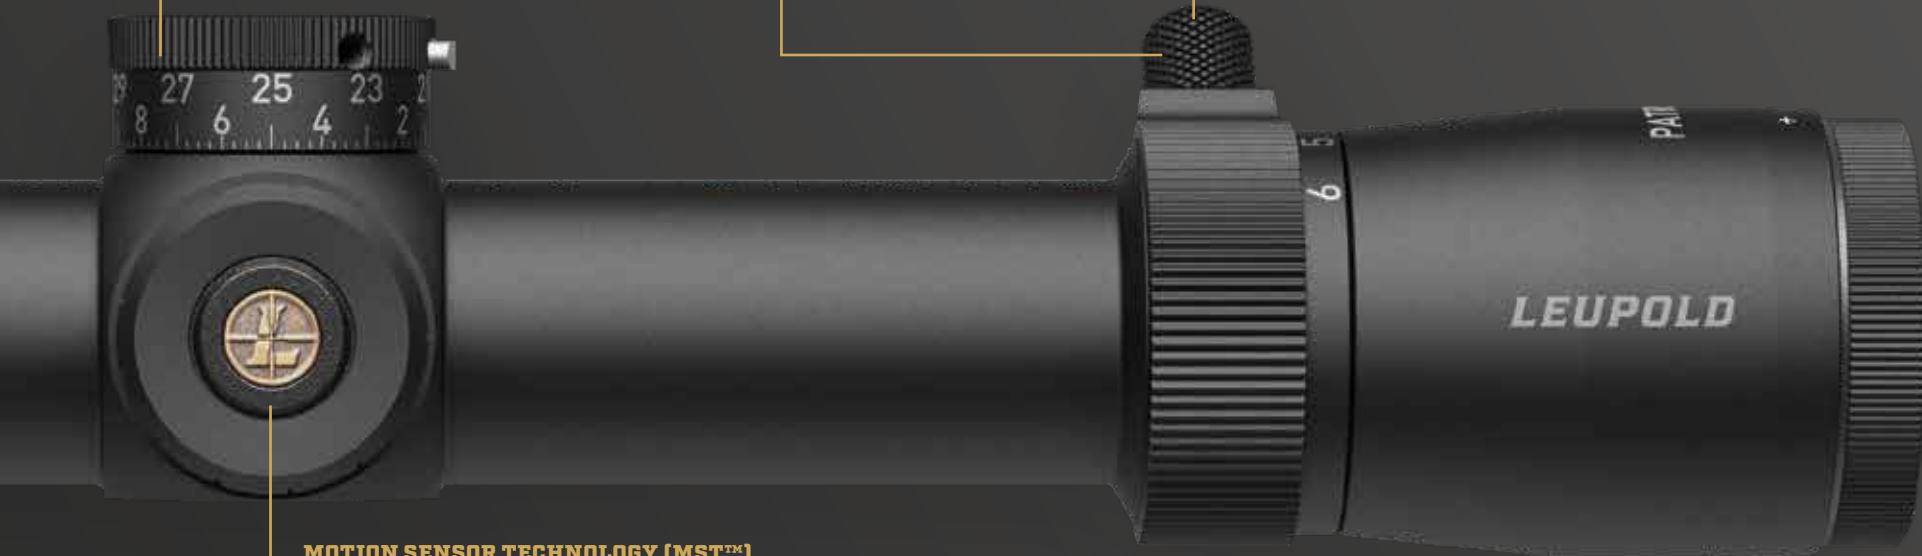

The removable, low-profile throw lever makes changing magnifications quick and easy. It includes a thread protector plug to use when the lever is removed.

MOTION SENSOR TECHNOLOGY (MST™)

Motion Sensor Technology (MST™) extends battery life by automatically deactivating illuminated reticles after five minutes of inactivity and then reactivates instantly as soon as movement is detected.

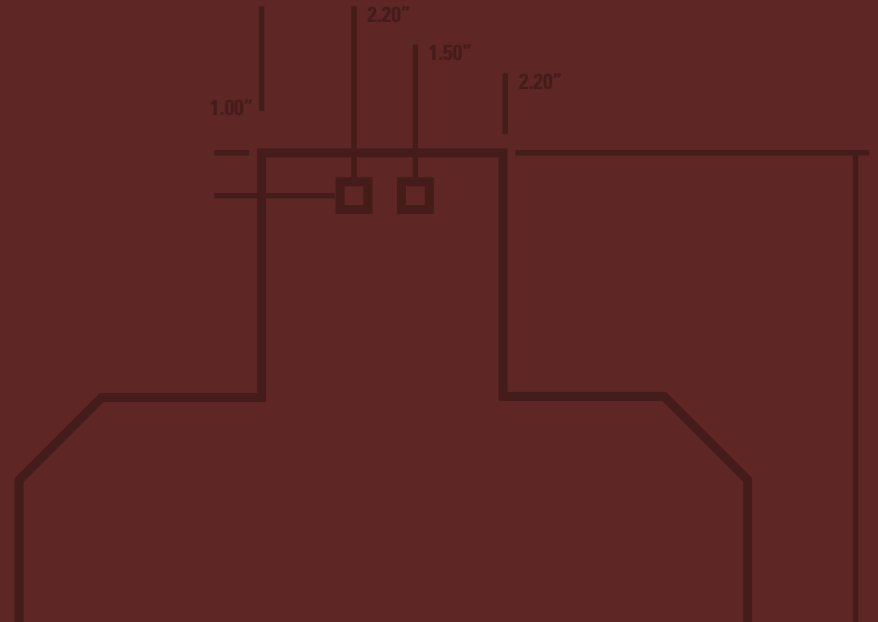

ELECTRONIC RETICLE LEVEL

The Electronic Reticle will flash when the scope isn't level, promoting more accurate long-range shots. It can also simplify the mounting process.

LONG RANGE

TURN LONG SHOTS INTO SURE THINGS

Ringling steel from 1,000+ yards is all about skill, practice, and high-powered optics. Luck's got nothing to do with it.

COMPLETE YOUR KIT FROM DOWNRANGE TO WAY DOWNRANGE

If you want to put rounds on steel at the back of the range, Leupold glass will close the distance with unmatched clarity so you can confidently hit your mark.

RX-2800 TBR/W

Long-range shooting will test your limits with every shot. Go farther even faster with a lightning-quick rangefinder guaranteed to stretch your skills.

"You get your gun figured out, you get the game figured out, and then it's all in your head."

—JON PYNCH, Leupold Pro Team shooter

MARK 3HD

Mount this scope to any rifle for tried-and-true Leupold performance that will dominate the range.

MARK 5HD

Perform at the highest level. The Mark 5HD will have you making impacts at almost any distance.

MARK 4 12-40x60

This spotting scope will put you on target using the same MIL-based measurements approved by the military. Better yet, it's designed, machined, and assembled in the USA.

BX-5 SANTIAM HD 15x56

Extend your range sessions without wearing out your eyes. These binoculars offer the edge-to-edge clarity and low-light performance needed to spot impacts even when the sun starts setting.

WESTERN BIG GAME HUNTING

YOUR FREEZER WON'T FILL ITSELF

While most hunters would lace up every season for the experience alone, tag soup makes for a poor dinner. This year, upgrade your gear before heading into the backcountry to give yourself a better chance at packing home some meat.

COMPLETE YOUR KIT

THE BEST GEAR FOR BIG GAME HUNTING

Your glass needs to be able to spot prey in low light and from extreme distances when you're big game hunting. So, before you head out on your next hunt, get the gear you need to be successful.

RX-1400i TBR/W

The RX®-1400i TBR®/W is the perfect combo of speed and accuracy. Whether your target is uphill, downhill, or straight ahead, it'll serve up accurate readouts in every situation.

BX-5 SANTIAM HD

Picking out antlers from tree limbs is a skill. A quality binocular will level up your spotting game, giving you enough clarity to tell the difference between a forked branch and a four-point in any lighting.

VX-6HD

Hunting isn't easy, but the VX-6HD makes it a little less difficult by giving you a 6:1 zoom ratio with amazing edge-to-edge clarity that helps you stay on target no matter the terrain.

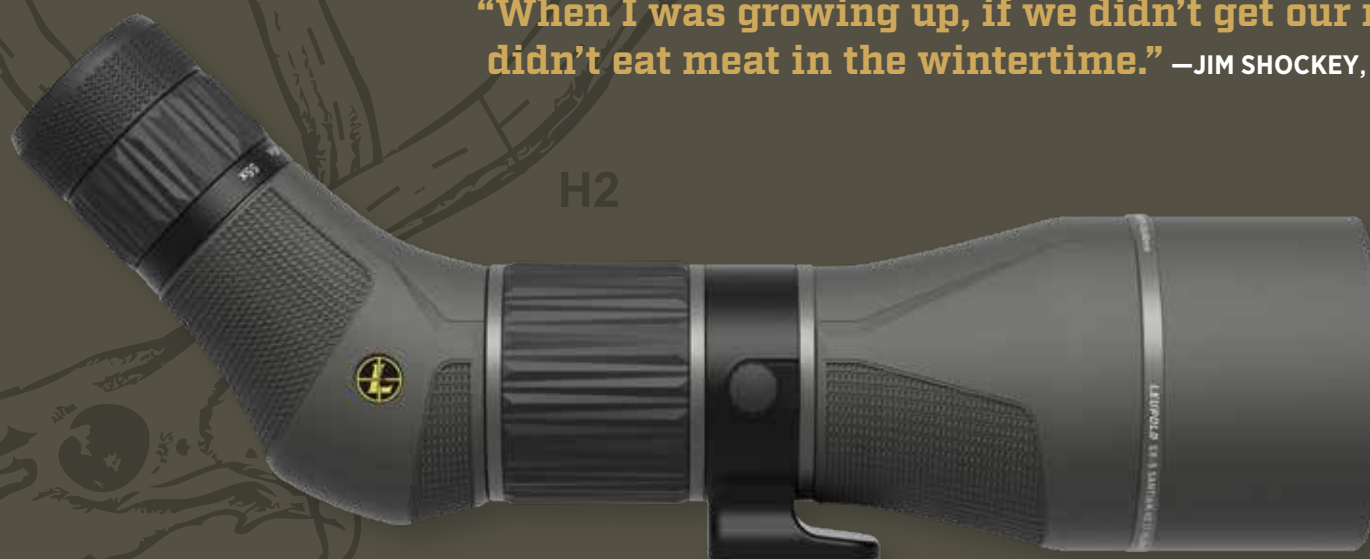

VX-5HD

When you're going after monsters, it's good to keep things simple. The VX®-5HD gives you everything you need and nothing you don't to notch tags season after season.

“When I was growing up, if we didn't get our moose every year, we didn't eat meat in the wintertime.” —JIM SHOCKEY, big game outfitter

SX-5 SANTIAM HD

You've found a big-game honey hole. Now, it's time to sit and grid until something shows itself. With the SX-5, all-day glassing is not only possible, but it's comfortable, so your eyes will be fresh when it's time to take a shot.

WHITETAIL

SWEAT THE DETAILS

When you've kept tabs on the perfect buck all year long, you don't leave anything to chance.

COMPLETE YOUR KIT

YOUR WHITETAIL WISHLIST

From sunrise to sunset, Leupold's tried-and-true optics will make sure your next shot is a clean kill no matter how harsh the light is.

RX-1500i TBR/W

You might not need a ton of frills when shooting from a treestand, but getting fast, angle-compensated, and extremely accurate ranges is non-negotiable.

BX-2 ALPINE HD

When the twigs start snapping, the pressure is on. Having quality binoculars will let you see what's slinking down the trail even at dawn and dusk.

VX-3HD

If you're shooting across your food plot at sunup, having a glare-free, high-definition image is always a must.

VX-FREEDOM

When you have a different rifle for every season, you can't go wrong outfitting each one with a Leupold scope. The VX-Freedom gives you an option for almost every long gun in your safe.

“Really, you don’t learn until you make a few mistakes — Truth is, we’ve made just about every mistake in the book. Whitetails tend to do that to hunters. They always have been and will continue to be the best teachers!” —MARK DRURY, whitetail hunter

SX-2 ALPINE HD

Don't miss the show happening across the field. Adding a spotter to your kit will help you identify if your next trophy is going to make an appearance before you lose shooting light.

BOWHUNTING

GET CLOSER

The perfect archery kit will help you spot farther, stalk smarter, and seal the deal with deadly accuracy.

COMPLETE YOUR KIT

MAKE QUICK WORK
OUT OF HIGH ANGLES
AND LONG DISTANCES

Whether you're chasing bulls, stalking mulies, or lying in wait for whitetails, the right optics kit will help you tag out every season.

RX-FULLDRAW 5

Extreme angles and long-range shots have met their match. Our extremely accurate Archer's Advantage ballistics combined with Flightpath™ technology will give you the confidence you're looking for at full draw.

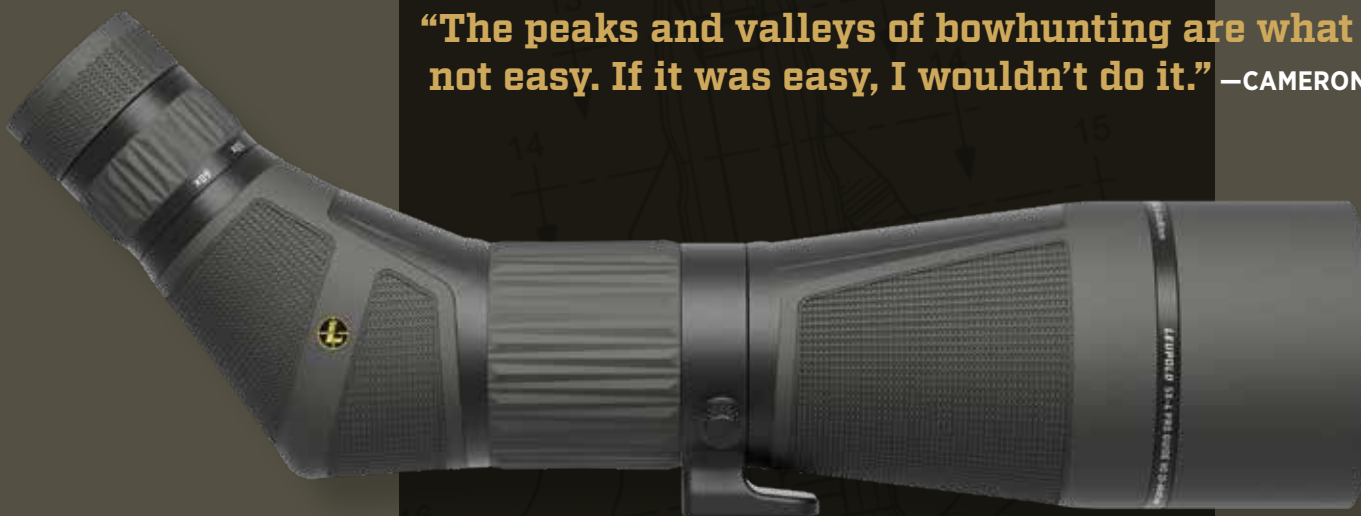

BX-4 PRO GUIDE HD

It doesn't matter if you're sitting in a treestand or making your final push across the sage; having the clarity to see a flickering ear at fading light could mean the difference between failure and success.

"The peaks and valleys of bowhunting are what make it so special. It's not easy. If it was easy, I wouldn't do it." —CAMERON HANES, American bowhunter

SX-4 PRO GUIDE HD

Knowing if that mile-long stalk will be worth the effort is a must. The SX-4 gives you enough power to make the right decisions before you head over to the next ridge. All without breaking the bank.

PERFORMANCE TRIPODS

RUGGED AND READY FOR ANY SITUATION

Even on a good day, it can be challenging to spot big game and impacts when you're free-hand glassing. If you're having trouble keeping steady, pack along a tripod to stabilize your optic.

"Our easy-to-use tripods and adapters set up fast and offer stabilization for every optic in your kit."

—WALKER MCMICKING, Product Line Manager, Pro Gear

ALPINE CARBON FIBER TRIPOD KIT

Weighing next to nothing, this compact and lightweight tripod will support your gun or glass season after season, year after year.

MARK 5 CARBON FIBER TRIPOD KIT

Outlast the competition with the Mark 5 Tripod Kit. It crams the versatility and performance demanded by professional shooters into a lightweight platform that provides stability in even the harshest conditions.

PRO GUIDE CARBON FIBER TRIPOD KIT

The Pro Guide Tripod is sturdy and capable. With a maximum height of 67 inches, it's tall enough for just about any hunter or shooter while still being light enough to take on all-day treks.

PERFORMANCE EYEWEAR

BUILT FOR THE BOLD

From sandstorms to sunshine, our performance eyewear will protect your eyes from almost anything. Tough, dependable, lightweight, and clear: each style checks all the right boxes.

DAYLIGHT MAX

Provides UV protection for optimal performance in bright conditions

ANSI Z87.1+ BALLISTIC RATING

Meets or exceeds ANSI high-velocity impact standards for eye protection (Packout, Switchback, and Tracer styles)

DIAMOND COAT SCRATCH RESISTANCE

Reduces surface scratches with a hardened surface coating

NO-SLIP BRIDGE

Provides all day comfort with no-slip, soft-touch rubber bridge pads

LIMITED LIFETIME GUARANTEE

Protects against manufacturer's defects for the life of the product

INTERCHANGEABLE LENSES

Easily change lenses to maintain maximum protection in all light conditions (Tracer style only)

IN-FUSED POLARIZED LENSES

Eliminates glare and keeps your eyes fresh on the water and in the field

GUARD-ION HYDROPHOBIC COATING

Sheds dirt and water for a clear, crisp image

RX READY

Compatible with prescription lens requirements (Tracer style excluded)

BECNARA

The Becnara® fuses Leupold performance with everyday style. Polarized, rugged, and incredibly clear, they will never let you down. Wear them any day on any adventure; the Becnara stands out in the field.

KATMAI

The Katmai® is the choice for any adventurer. Lightweight, shatterproof, rugged, and exceptionally clear, they can be trusted to keep your eyes fresh and your vision true.

PAYLOAD

The Payload was designed for anglers and outdoorsmen who live life on the water. Featuring Lens Ventilation and In-Fused Polarization, the Payload maintains a clear image while eliminating glare, helping you see past the water's surface to what lies beneath.

SWITCHBACK

Comfortable on the range, in the field, or on the ride home, the Switchback will quickly become a favorite addition to your everyday kit.

CHEYENNE

The Cheyenne™ features a low-profile frame that's perfect for hunters and shooters with smaller faces. Its full wrap design offers complete protection from the elements while maintaining maximum visibility and airflow.

PACKOUT

The Packout® is the go-to option for any hunter or shooter. ANSI Z87.1+ ballistic protection alongside our proven optical clarity makes the Packout perfect for every adventure and everyday wear.

REFUGE

Made for action and adventure, the Refuge™ has all the rugged features an outdoor athlete needs. Their slightly smaller lenses and frame make them as fashionable as they are functional, so they'll never look out of place.

TRACER

When you're a dedicated shooter, the Tracer® is an absolute must-have. ANSI Z87.1+ ballistic protection, interchangeable lenses (included), and weather-resistant coatings are combined with Leupold's unmatched clarity and durability.

A man in camouflage gear and a woman in outdoor apparel are at a campsite. The man is on the left, wearing a camouflage jacket, a tan cap, and sunglasses, looking down at a fire. The woman is on the right, wearing a grey hoodie, blue jeans, a red beanie, and sunglasses, sitting on a rock. In the background, a white pickup truck is parked in a wooded area.

PRO GEAR & APPAREL

REP THE BRAND LIVE THE LEGACY

Throw on some of our rugged gear and apparel before heading to your next hunt, range day, or scouting trip.

PRO GUIDE BINOCULAR HARNESS 2

The backcountry isn't a soft place. That's why we've given the Pro Guide Binocular Harness 2 a fleece-lined interior that'll protect your glass when you're up against the elements.

PRO GUIDE RANGEFINDER POUCH

Strap this pouch to anything with a belt or webbing for fast and silent access to your rangefinder. Designed to attach directly to the Pro Guide Binocular Harness 2, it's the perfect accessory to add to your kit.

MOAB LIGHTWEIGHT UPF HOODIE

Not a hat person? How about a hood? The MOAB Lightweight UPF Hoodie protects your head from the sun's rays while regulating your body temperature with its breathable fabric.

MOAB LIGHTWEIGHT UPF HENLEY

Hours of hiking or running through box drills are guaranteed to turn up your core temperature. When the heat is on, the MOAB Lightweight UPF Henley will wick sweat and keep you comfortable.

FLIGHT HAT

Represent your favorite American manufacturer with this semi-structured snapback designed to look just as good at the range as it does on the road.

ICON TRUCKER HAT

This hat is a symbol of the hardworking men and women who spend their days making premium optics for the world's best hunters and shooters. Wear it proudly.

LEUPOLD WORDMARK TEE

One word says it all; Leupold means pushing the limits on the battlefield, in competition, and on the hunt. Whatever you do while repping our gear, be relentless.

DISTRESSED RETICLE TEE

The classics never go out of style, and our Distressed Reticle Tee is as classic as it gets. Rock the reticle at the range, in the field, or out on the town.
